

Organic Blending Plant-Certified Organic Blend

Certified Organic Herbal and Botanical Blends

Organic Formulations has been blending Organic Botanical blends for Skin, Body and Hair preparations for over 15 Years. Our blends are produced on our Organic Certified Processing Plant at Riddells Creek, Victoria, Australia. Our group of qualified blenders have formulated blends for all types of personal care brands.

All blends are blended to order; also our group of specialised blenders can arrange personal blends that can be added to any type of personal care product or brand.

We have many customers that enjoy offering these great blends in their range of products that simultaneously not only help in the promotion of their unique formulas, enhance the properties value of their products therefore also supporting the worldwide growing advancement of Organic Sustainable farms.

We offer Traditional Herbal blends with the option of adding Australian Bush wild crafted extracts, Chinese or Ayer Vedic herbs. If you wish we can add your special extract during the blending process. Taken all this into account the finished product is of the highest quality therefore producing a high quality Certified Organic Blend.

Organic Blends that don't cost the earth.

Contact our Organic Formulations consultant:

anthony@organicformulations.com.au

Organic Formulations offer a full consultancy service to clients. We will sit down with you and formulate a personal blend for your brand. All blends will be 100% Certified Organic and can be added to your formula at a competitive price per unit.

These blends offer a great marketing tool for any product line along with the added benefits of Organically grown traditional herbs and body oils that go hand in hand with the principles of Alchemy. As you market a great product you will also be helping in the building of the Organic Industry.
